Walsh Construction

OUR TRAINING PROGRAM

Available at wiley.com/go/courage

— WE PUSH THE ENVELOPE —

Being a courageous leader means you've got to render decisions that provoke disagreement. You've got to be candid in order to foster development. Above all, you've got to persevere through hardship and adversity. How? By using our trio of strikingly effective development tools: The Leadership Needs Assessment, The Courageous Leadership Workshop/Retreat, and The Executive Coaching Program.

— WE SPEAK YOUR LANGUAGE —

Your organization's culture is different. You don't need a canned program. You need someone to be in the trenches with you every step of the way, customizing Courageous Leadership tools to meet the specifics of your team and your goals. You've come to the right place.

— WE BUILD THE BENCH —

The entire organization is transformed for the better when everyone is showing up to work each day with more courage. That's why we don't stop with developing the corner office. Our Courageous Leadership Train-the-Trainer and Leadership Development for Emerging Leaders and Successors Programs will ensure that your team will continue to dominate long after today's roster is a highlight for the history books.

"The messages in Courageous Leadership are delivered in a clear, straightforward way, and create a compelling reason for practicing courage."

Pamela Booker, Senior Director of Learning and Development, Saks Fifth Avenue

"You will never do anything in this world without courage. It is the greatest quality of the mind next to honor."

Aristotle
